Problem Statement (PS)

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student/book reader	Search and buy books online	I cannot easily find the required book	Physical bookstores have limited stock and searching takes time	Frustrated and disappointed
PS-2	An online customer	Compare books and place an order	I have to visit multiple websites	There is no single platform with all books and details	Confused and time-consuming
PS-3	A book seller	Manage my book inventory and orders	It is difficult to update books manually	There is no centralized management system	Stressed and inefficient
PS-4	A new user	Create an account and purchase books securely	I worry about login security	Some websites do not provide secure authentication	Uncertain and hesitant

PS-5 An administrator Manage users, sellers, and books Monitoring everything manually is difficult There is no integrated admin dashboard Overloaded and less productive
